2. 캠페인 목표 · 핵심 메시지

로그라인	코디세이호를 모는 노선장(사부)이 평범한 사람 셋(문과생 소라, 전역자 도현, 직장인 민석)을 차례로 "코디세이로 오라" 부른다. 셋이 "저 국문과인데요 / 통장이 비었습니다 / 내일 출근인데요" 하고 빼면 사부가 한 방에 받아치고, 마지막엔 넷이 함께 해 뜨는 바다로 나아간다. 오디세이의 항해를 코디세이의 세계관으로 쓴다(이전 별·우주 버전은 storyboard_v3_star.md에 보관).
슬로건	문턱은 없고, 동료는 있다. / 엔드 서브라인: 전공 무관 · 장학금 · 동료학습 / CTA: (비장하게) 코디세이로 와라! codyssey.kr
구조	부름(장엄) -> 핑계(소박) -> 정적 -> 받아침(무심)을 소라/도현/민석에게 반복하고, S07~S08에서 "혼자 하지 않는다 / 모두가 함께 동료다 / 나도 배우는 중이다"로 회수.
화풍	실사 TV 광고 톤, 진지한 해양 모험 영화 룩 + 무표정 코미디. 설명 내레이션 없음.
사실 근거	전공·경력 무관 / 장학금을 받으며 배움 / 교수 중심이 아닌 동료학습+PBL. 수치·일정·금액 없음. 가상 연출 고지 전 컷.

Medium shot of the young man (a fictional Korean man in his 20s, very short black buzz-cut hair, plain olive-khaki hoodie, black jogger pants, black sneakers, a big olive duffel bag on his right shoulder, civilian clothes, no uniform, no camouflage) alone at the edge of the pier, holding out his open wallet. VISUAL ACTION, clearly visible and large in frame, not skipped: From 0s to 1s, a wave crashes against the pier and a burst of glittering golden spray pours straight into his open wallet, clearly visible. DIALOGUE AND LIP-SYNC: only the young man speaks in this clip, in a loud, crisp young man's voice. While speaking, the speaker's face and mouth are clearly visible to the camera and the lips move in exact sync with every Korean syllable. From 1.2s to 3.2s, the speaker says astonished, exactly once and word for word, in Korean: "…진짜 채워지는데요?" Outside these times the speaker's mouth stays closed. Everyone else in the frame stays completely silent with mouth closed and never speaks. Only one voice is heard in the whole clip, no other speech, no extra words. The last line ends at least 0.5 seconds before the clip ends. AUDIO: clean, clear, close-miked dialogue at a natural speaking pace, quiet natural ambience under it, no background music, no narration, no laughter, no singing. Cinematic live-action Korean TV commercial, 35mm anamorphic lens, shallow depth of field, golden-hour natural light, deadpan comedic tone with a perfectly serious epic sea-voyage film look, natural skin texture, 16:9, no outer space, no stars in the daytime sky, no swords, no weapons, no on-screen text, no subtitles, no captions, no logos, no watermark. Medium two-shot, locked camera, sunlit university library steps in cream stone. On the left, a fictional Korean woman in her 20s, a literature student, round wire-frame glasses, black shoulder-length hair with a yellow hair tie, cream cardigan, hugging a tall stack of paperback books, walking up the steps. On the right, a fictional Korean woman in her 60s called the Master, long silver braided hair, stern weathered face, wearing a long deep navy cloak embroidered with silver constellation patterns, carrying a sword shaped like a glowing computer keyboard with visible keycaps, standing heroically with her keyboard sword raised toward the sky, wind blowing her cloak. The Master says in Korean in a booming epic voice: "깨어나라, 그대여. 코디세이로 오라." The young woman stops and says in Korean with a small confused voice: "...저 국문과인데요?" Both hold a deadpan silence for one second, the Master only slowly raises one eyebrow, total silence, music cuts dead. Then the Master lowers the sword and says in Korean in a flat, bored, casual voice: "입구에 전공 칸 없다." Sound: grand orchestral hit on the first line, then a sudden record scratch and dead silence. Cinematic live-action Korean TV commercial, 35mm anamorphic lens, shallow depth of field, dramatic rim lighting, deadpan comedic tone with a perfectly serious film-trailer look, natural skin texture, 24fps, 16:9, no on-screen text, no subtitles, no captions, no logos, no watermark.

사용량 예산	19컷 일괄 생성 중 COPA가 budget_exceeded(429)로 13컷 거절(4초 클립 1개에 약 53만 normalized tokens)	예산이 다시 들어온 뒤 남은 컷만 이어서 생성
군말·자막	대본 앞뒤에 섞인 군말, 박혀 나온 깨진 자막·레터박스	대본 첫·끝 글자로 찾아 잘라냄, 크롭(sync_cuts.py)
남은 한계	엔드컷 인원·의상(네 명 대신 세 명, 소라가 재킷 차림) · S06 사부가 망원경으로 유리를 두드리는 동작이 안 보임 · 첫 컷이 2초로 짧음
